***Date** _____

***Customer Phone No.** _____

Economy Boro _____

Harmony Twp _____

I hereby make application for a supply of water by meter, for uses and purposes specified below, at the premises known as

***Service Address:** _____ # Units _____

***Mailing Address for Bill:** _____

and request the Water Authority to make connections with their main; and I hereby agree to take water from the mains of said Authority and pay for the same at the Authority's schedule rates; and to abide by the printed Rules and Regulations of the Ambridge Water Authority; and that the water connections on said premises may be inspected by the authorized agent of the Water Authority at such times as it shall determine.

Meters will be furnished and set in place by the Water Authority only, before the water is turned on. Price of meter will be according to the size necessary. Water will be supplied by meter for domestic purposes at a minimum charge per quarter as listed below, and no rebate will be allowed for any part of a quarter. Meters will be read quarterly each year and bills rendered for minimum charge for the quarter together with usage charge, if any. If a meter breaks and fails to register, the owner must immediately notify the Water Authority, who will repair the meter. Should any necessary repair be due to damage by frost or injury due to carelessness of owner, consumer, or anyone of his household, a charge of \$220.00, payable in advance, will be made for repairs. During the time the meter is out of order, and fails to register, the consumer will be charged at the average consumption as shown by the meter when it was in order, but in no case will the charge be less than the minimum charge per quarter. No plumber, or any person other than an authorized agent of the Authority, shall at any time be allowed to take out, repair, or replace a meter.
